

Response to Open Week queries

Could we apply for a school place from Telford?	You can name The Priory School but unless your child has either an EHCP or is Looked After, due to the allocation of children within the local area it is unlikely that they would secure a place with us.
Hi Please can you tell me what provisions you have for gifted learners and what support is available for children who, though not send, need additional support with their learning for other reasons?	<p>All academic areas have spent a large amount of time ensuring that their schemes of work, lessons and resources are differentiated and that extension task stretch and challenge more able students on a lesson by lesson basis. When we look at lessons we expect this work to be there on a daily basis.</p> <p>We have a member of the senior leadership team who has oversight of identifying our more able students and we track their progress at departmental and whole school level.</p> <p>We offer a large number of enrichment activities, across subjects to engage gifted and talented learners, as well as the general student body. Our whole school House Music and House Dance competitions cater for those of all abilities, school production, school talent show, Science club, Art Club, choir, Ukulele, a range of sports clubs, creative writing and book club, school librarians and our public speaking competition to name a few.</p> <p>As well as more specific visits to universities including Oxbridge for those who may be thinking of applying. Approx 30% of our Year 11 cohort achieve the very highest grades (8-9) which is significantly above national and local attainment.</p> <p>For those who require additional support but who do not need an EHCP teachers must differentiate the work. We also identify those who may need more targeted interventions through the use of online assessments when students join us. Our Support Hub provides specific 6 week intervention programmes around spelling, reading and numeracy.</p>
Please can you tell me what sports I can do in year 7	I have responded to your query via the email address you gave me. Please let me know if you didn't receive the information.
I would be interested in my son attending your school. He has an EHCP in place. Could you tell me what provisions are provided for children with a care plan?	There should be a link and letter with more information with regard to our EHCP provision should be on the website, on the open week page. Apologies if this was moved. Alternatively please contact our SENDCO Mrs White on chw@tpstrust.co.uk
Can one parent come to gauge the ethos of the school, if social distances are mandated?	We would like nothing more than to welcome parents into school but if we accept one parent we will have to accept all. If this is spread, one parent at a time, we would not be able to accommodate everyone in time for the applications deadline. We are also increasing

	the risk for staff and students that someone, who is asymptomatic, may come onto site.
