

Changes to DT examinations 2022

D&T NEA

Section E: Realisation: Reduced to 10 marks from 20 (expectation that pupils will document how to produce their prototype)

Section F: Evaluation: Reduced to 15 marks from 20 (expectation that pupils will full analyse and evaluate their ideas)

D&T Exam

Exam focuses have been given for the extended questions. However topics not explicitly given in the list may appear in lower tariff questions. Ms Bowers will aim to cover all of the syllabus in revision sessions, with focus on key aspects.
