

The Priory School

Student Planner

Year 8

Autumn Term 2023

Name:	
Form:	

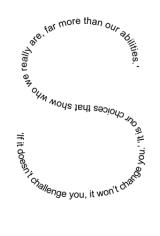

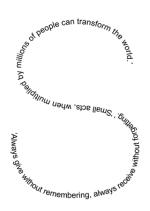

Our School Values

As a school community, we believe that these 3 attributes make up the foundation of our school. They can be found in every aspect of our daily lives, from our interactions with students, to the teachers.

These 3 core values are paired with the individual attributes of Priory students, which make us all our own individuals.

Selfless

As a school, we all endeavour to look out for others, whether we know them or not. We hope that all students are focussed not just on their own wellbeing, but also the wellbeing of others around them. This caring attribute is what sets us as Priory students apart from the rest.

Self-assured

Being self-assured is believing in your own abilities and self-worth; we should all have the confidence in our achievements and their values. It is this positive thinking that enables us to grasp our success and reach our full potential.

Successful

To be successful in our school community, we must be successful in our own right. This means we judge our success of our own goals and aspirations, not through the eyes of anyone else. As a Priory student, we should all strive to achieve success.

Our Expectations

Selfless:

- Think of others before yourself and consider the impact of your words and actions on your peers.
- Always strive to be kind, no matter how small your actions they will always make a difference.
- Support House and School Charity events.

Self-assured:

- Try everything, especially if it's new.
- Participate in clubs, activities and House events.
- Answer questions and get involved in group work, in class.
- Volunteer and apply for positions of responsibility.
- All of these things will build your confidence and sense of achievement.

Successful:

- Success comes in all forms.
- It is not just about your grades.
- It is first and foremost about effort and a positive attitude to learning.
- Be an individual and be interesting.

Always be 'Ready and Respectful'.

Ready for school and to learn, polite and pleasant to staff and other pupils.

Being 'Ready and Respectful' on a daily basis will help you to achieve the 3 Ss

My expectations of you all remains the same. Work hard, become involved in all that school can offer you and above all else, be good people. The Priory School will always be your constant. Your daily routines with us will give you structure, purpose and enjoyment, please make the most of them. We, as staff, will always be here to guide and support you through every twist and turn your journey may take. In return, we simply ask for your respect, courtesy and good humour within classrooms, corridors and daily conversations.

I look forward to seeing every single one of you develop into Selfless, Self-assured and Successful young people.

Mrs Pope Headteacher

Ready & Respectful

At The Priory School we want to support our students to be **Respectful** and make good choices in everything they do. By being **Respectful** you are not only making our school community a better place (selfless) but you are giving yourself the best chance of finding success within your time at The Priory School.

At The Priory School we want to celebrate and reward all the wonderful things our students do. There are many ways your positive contributions to our school community could be rewarded:

- HLAs (House Learning Awards) these can be awarded for a variety of positive actions in or out of the classroom. Your parents will be informed of you receiving an HLA and the reasons you have received it. If you achieve 15 HLAs you will receive a Bronze award, 25 HLAs receives a Silver, 50 HLAs receives a Gold from your Head of House. 75 HLAs means you will receive a Platinum award and very rarely we have awarded the Diamond certificate for 100 HLAs. These special awards are presented during whole school assemblies and are accompanied by a letter from the CEO of the Trust.
- Half Termly House Awards Lunches for HLAs, ATL and Participation.
- Headteacher's breakfast—your teachers can nominate you to receive a Headteacher's breakfast to help you celebrate a fantastic achievement in school
- End of year subject and House award evening celebrates excellence in Selflessness, Participation and HLAs.

However, if a student shows that they are not **Ready** to learn or make a positive contribution or if they not **Respectful** towards all other members of our community they should expect to be challenged and potentially receive a sanction.

If you witness something that you know to be wrong or is making you or someone else in our school community upset or not enjoy their time at The Priory School please report it via the worry box or to your tutor, your Head of House or any teacher that you feel comfortable doing so to. It is crucial that we all work together to maintain an environment in school that is safe, happy and rewarding for all.

Attendance & Punctuality

Missing days of school can have a massive impact on your learning and chances of being successful.

We record and report your attendance as a percentage of days that you have been present in school. Every student should aim to attend school as much as possible. Whilst we know that not every student can achieve 100% attendance we hope that all students remain above 97%.

- 97% would mean you have missed 3 weeks of learning over your time at The Priory School.
- 94% would mean you've missed an entire half term of learning over your time at The Priory School.
- 88% would mean you've missed an entire term of learning over your time at The Priory School.

It is also crucial that you are on time to all your timetabled sessions. By arriving to a lesson on time you are showing your teacher that you are **Ready** to learn and that you **Respect** your teacher and the lesson they have prepared for you and your education. By arriving late you should expect to receive a sanction for this.

Uniform

The Priory School considers uniform to be important for all its students in order to foster pride in the school and its work, and to encourage a sense of belonging to the school community.

The uniform also provides a sensible, practical and safe form of dress for school, and helps to establish a positive image of the school in the wider community.

Your school uniform should be worn correctly at all times. In the rare case where this is not possible for reasons outside of your control you should come to school with a note from your parents with a full explanation for the reason you have not been able to come dressed **Ready** for school. You will then be given a reasonable amount of time to put this issue right.

If you choose to come to school in an incorrect uniform you will be required to spend your break and lunchtime with your Head of House.

See full uniform policy on the School's website.

Key points:

- Shoes should be plain and black leather or "leather look" in material.
 NOT BLACK TRAINERS.
- Skirts should be on the knee in length
- One stud earing permitted in each ear, one piece of religious jewellery, no other jewellery is permitted
- One watch, no smart watches

We are committed to making The Priory School a safe environment. This means it has to remain a social media free zone. Therefore no mobile phones or any devices that can connect to social media are permitted to be switched on in school without prior permission from a member of staff.

Equipment

To ensure you are **Ready** to learn you will need to have the following equipment with you for every day of school.

If you come to school and have forgotten any of this equipment you should go to the Head of House office before school to get a replacement set so you are **Ready** for your day of learning. You will not receive any sanction or behaviour log for this.

Summer 2	Monday 3rd June 2024 8:35am	Friday 19th July 2024 3:00pm

Attitude To Learning

Your Attitude To Learning (ATL) is your most important tool to finding success. The better your ATL is the more likely you are to achieve well at GCSE and beyond.

At The Priory School your ATL will regularly be referred to using the grade descriptions below. Your aim is to continuously seek ways to improve your ATL score in each of the subjects you study.

6	You go beyond your teachers' expectations by leading others in the classroom and supporting them to make progress. You take responsibility for your own progress by being both reflective and proactive in seeking opportunities to improve (for yourself and for others).
5	You often go beyond your teachers' expectations by showing a genuine and continual interest in your learning and readily contribute in lessons. You support your peers in their learning when given the opportunity and take a proactive, reflective approach to feedback.
4	Your teachers' expectations are met. You show a self-assured approach to your own learning and you see the value in working collaboratively. You participate in feedback opportunities provided. You listen to, care about and consider others' views.
3	Your teacher's expectations are met, but not always. With encouragement, you complete tasks and you participate regularly. You can be (quietly) disengaged meaning that you wait to be called upon to share your views.
2	You show an inconsistent approach to learning and reflection. You require regular encouragement and feedback to stay focused on a task. Your behaviour has the potential to disrupt the learning of other students.
1	You show a low commitment to learning and reflection. You regularly display a negative approach to learning which can disrupt the learning of others.

Reflect & Progress

Reflect & Progress sits alongside our school reporting system. At points throughout each academic year you will receive a School Report that details your ATL scores and, where relevant, comments from your teachers to help you improve your ATL.

The ability to reflect on your own learning and identify ways that you can improve your learning is a crucial component of a successful learner. It is something that will help you find success during your time in school and beyond.

As reflective learners you should be continuously looking for ways to improve your approach to learning. Your teachers will share with you what each ATL score looks like in their subject and so you should know and understand what is expected of you to achieve an ATL of a 5 or 6.

When you receive your ATL scores your tutor will ask you to consider how you are going to improve your ATL and together you will set targets for these improvements.

We also know that those students that participate more in the activities on offer in school not only enjoy their time in school more but the skills they learn in those activities help them find more success in the classroom because of the transferrable skills you will be developing. As part of Reflect & Progress you will be encouraged to think about your participation levels and if or how these can be improved by considering what other activities could you get involved in.

Feedback

Helpful information given to someone to indicate what can be done to improve something.

What does feedback look like at The Priory School?

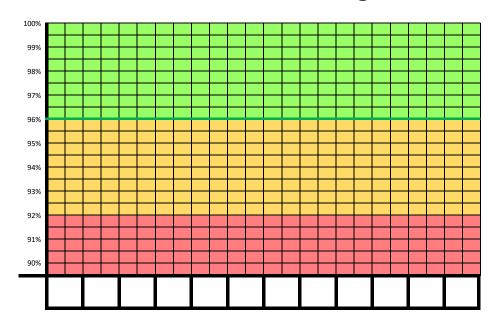

- When my teacher tells me that I've done something well.
- When my teacher tells or shows me how to do something better.
- When my teacher reviews something I've done and sets me a follow up task to complete based on what I, or my classmates, did.

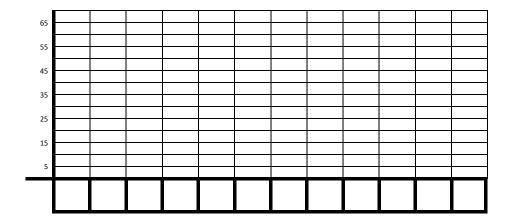

- Feedback tasks will often be in yellow boxes or on yellow paper
- Feedback may come from teachers reviewing my work and feeding back in green pen
- I respond to written feedback or yellow box tasks in Red Pen.
- I use my Red Pen to respond to any feedback I am given by my teacher.
- I use my Red Pen to mark mine or my peers work, writing in corrections and improvements where possible.
- I use my Red Pen to reflect on the feedback my teacher gives me to help improve my understanding or performance within each subject.
- I am able to describe the different types of feedback I am given in each of my subjects and explain how it helps me improve.

Attendance Tracking

HLA Tracking

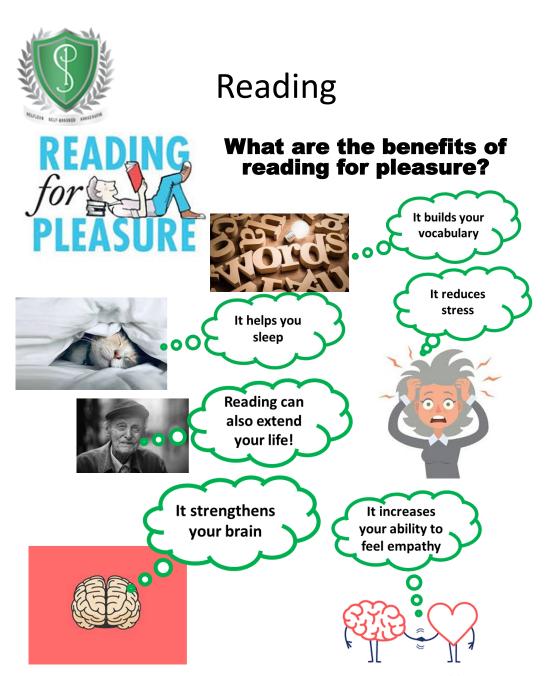

Homework

Homework is a very important part of how you will find success at The Priory School. It will not only develop your confidence and academic knowledge but it will develop your independence, resilience and your ability to organise your time outside the classroom efficiently.

This is a summary of how much time you should expect to spend on your homework in each of your subjects each week, what sort of tasks you should expect to be completing and the reasons why these tasks will help you improve in these subject areas:

Subject	Minutes per week	What homework you will be set:	Why you are being given this homework:	
Art	20	Complete Memphis Art layout page Memphis Art own design choice activity	To demonstrate your creativity based on your own individual research into a theme and to consolidate your learning.	
Business		You will be set no more than three tasks to complete for each topic you study in class. You study 3 topics per year so you should expect to see no more than 9 pieces across the year. It is expected that you write your homework down in your planner; further instructions and will be on TEAMS and any exam technique guidance that you need will be stuck in your books.	To complete tasks that cannot easily be done in school, ie research tasks, careers tasks using Kudos and checkpoint (assessment) questions. To give you more time at home to reflect on previous assessments to inform performance on the next one.	
Comp Sci	10	You will be set 2 homework tasks for each unit of work. This could be either in worksheet form or a Microsoft Form to complete.	The homework tasks will either consolidate the learning from the lesson, be a task required for the next lesson or as a measure of your understanding & progress on the unit of work at that point.	
Drama	5	'	very half term. It may include learning or even tso you can perform this in class.	
D&T	10	Research task linked to project task to take	60 minutes.	
English	60	You will be set a Homework Project to complete once every half-term. The project will contain a series of tasks for you to complete - there will always be a range of tasks and they will vary in difficulty. For each project, we will expect to see a combination of engagement with the tasks and high levels of presentation to hand in a complete project.	The projects will always link to your classroom topics for every half-term. By completing a task well once a week, you will always be extending your knowledge of the subject and it will always be relevant to your classwork.	

Subject	Minutes per week	What homework you will be set:	Why you are being given this homework:			
Food	5	Preparing ingredients for practical lessons	To develop independence and problem solving skills			
French	30	In your red book there is one vocabulary list to learn every week. Do not focus solely on spellings: it is much more useful for you to understand and pronounce the words correctly. You do not need to learn all the words on the list: learning some Key Words really well is better than focusing on too many words and not retaining them long term.	By taking responsibility for learning more vocabulary each week, you will build up a bank of knowledge which will help you communicate confidently in French. It is important to stay organised when learning a language as it will help you take control and become a more independent learner. By trialling different learning techniques, your memory skills will improve and you will become more confident when understanding others and creating French sentences of your own.			
Geography	0	No homework this half term for Geography, documentaries/ do some relevant reading o				
History	30	Norman England: Consolidation activity about the changes to England. This could include posters, speeches, letters, essays, etc.	Completing homework will introduce you to life at secondary school. Tasks will help you to consolidate your knowledge about the Norman Conquest of England and develop your historical skills.			
Maths	60	60 minutes of SparxMaths. You can do this in one sitting or you can spread it out across the week. We recommend that you do it in 10 to 15 minute sittings over 2 or 3 days across the week. Every question has a video to support you answer it if you are stuck or unsure. You should be using your pink book to record your workings out for every question you are asked.	SparxMaths provides you with a weekly set of personalised Maths questions to answer. These questions are aligned to the work you have done in class in Year 7 and so they provide you with a chance to recap and consolidate your understanding of the skills we have already			
Music	10	Research task to develop a deeper understanding of the history of the blues				
PE	0	You will not get set any homework in PE this attending at least 1 sport club before or after	s half term but you should make sure you are er school every week.			
RP	10	Festivals: Channukah. Make a dreidel - will	be needed for the activity in the following lesson			
Science	30	A combination of consolidation work, Seneca quizzes, and creative projects.	To consolidate existing knowledge, practice recall of key terminology, and prepare work to share with peers and assist with progress in class.			
Spanish	15	You will have vocabulary to learn every week. Please do not focus solely on spellings; although writing skills are important, it is much more useful for you to understand and pronounce the words correctly. We recommend you spend 15 minutes learning these words across the week. Bite-size chunks are more effective than longer sessions. Try to make your learning interactive: getting friends and family involved and creating bright revision materials can really help.	By taking responsibility for learning more Spanish vocabulary each week, you will build up a bank of vocabulary which will help you communicate confidently in Spanish. It is important to stay organised (especially when learning two languages at the same time!) as it will help you take control and become a more independent learner. By trialling different learning techniques, your memory skills will improve and you will become more confident when understanding others and creating Spanish sentences of your own.

Improving your Spelling, Punctuation and Grammar

Marking for Literacy

When your teacher marks your work, they will sometimes need to show literacy errors you have made.

Literacy marking key:

Spelling mistake: SP

Punctuation: 0

Paragraphs: //

Expression: ~~~

Guide to key:

- Spelling mistake you have spelt something wrong.
 Make sure you know what the correct spelling is and make a note of it in your planner.
- Punctuation you need to check your punctuation (capital letters, full stops, commas, apostrophes, etc.)
- Paragraphs you should have started a new paragraph
 or there is a problem with how you have used
 paragraphs.
- Expression you have not written your idea in a clear way or you have made a grammatical mistake.

Lesson Release Pass

You should rarely have to leave any of your lessons and you should aim to never have to leave your lesson by using your time before school, break and lunch time responsibly.

If you think you may need to leave your lesson for any reason you should ask your teacher and they will decide. If they are happy for you to leave the lesson they will complete the relevant row in the table below and you should take this planner with you so we know you have permission to be out of your lesson.

Date	Exit Time	Return Time	Reason	Signed
