Dear Parents and Carers

My apologies for the confusion my previous messages regarding this survey may have caused. I am now able to confirm that our school has been selected to participate in a national survey about how children are learning at home and the impact lockdown-learning is having on family life.

To help us do this, we would like you to download and use a free survey app called Parent Ping: <https://bit.ly/parentping>. They will ask you a few questions each day and show you see how other parents are coping in lockdown.

When you first sign in to the app it will ask you the school name, The Priory School and for the first part of the postcode SY3. Please do this carefully so we can make sure all your answers are included!

The benefits to you:

- See how other parents answer the questions!
- A chance to win a Chromebooks in the national weekly draw
- A chance to win a £30 Amazon voucher in our school's weekly draw

The benefits to the school:

- When at least 60 parents are answering the survey questions each day, we will be sent a set of results that compares what you think to what all parents in the country think. This will help us better understand your needs and challenges around home-learning.

You don't have to join in if you don't want to, it's completely voluntary, but this is a great time to share your opinions, not just with us but with other parents and with the people who make decisions about education in England.

If you would like to know more about the project, please see <https://parentping.co.uk/bigsurvey/>

Yours sincerely

Mrs A Pope  
**Headteacher**
