

Destinations data

We monitor closely where our students move on to when they leave The Priory School at 16, how this compares with Shropshire as a county and then endeavour to establish where students go to once they have completed their further education. This information helps us to monitor the impact of our CEIAG programme and tailor information to the needs of our students.

Below is our destinations data for 2019 and 2018. In addition, the destinations data of our leavers from Shrewsbury Colleges Group can also be viewed below.

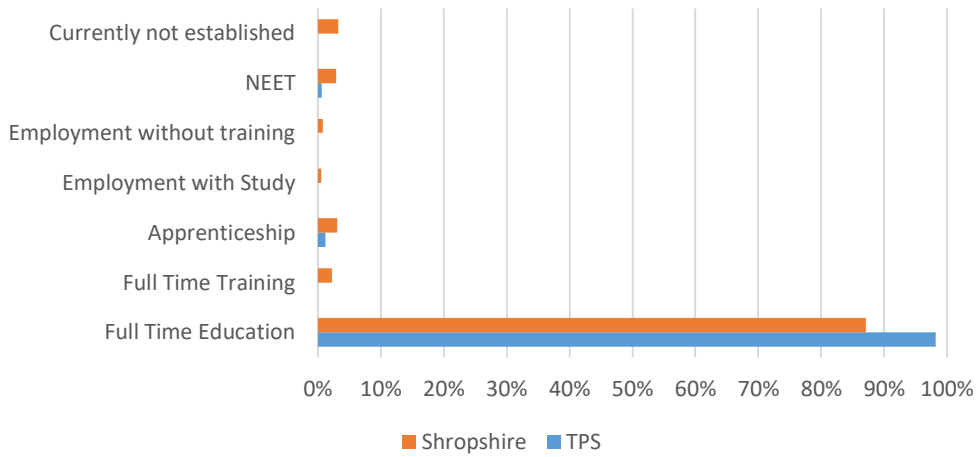

2020 Destinations Data - The Priory School

2019 Destinations Data - The Priory School

2019 The Priory School / Shropshire Destinations Data

2018 Destinations Data - The Priory School

2018 The Priory School / Shropshire Destinations Data

Shrewsbury Colleges Group destinations data for ex Priory students 2020

Shrewsbury Colleges Group destinations data for ex-Priory students 2019
